NOTE UNDER SCRUTINY. Deming's Cipher Is Made Up of Five

Different Codes. Warden Arthur Pratt of the Utath state orison is still investigating the plot led by Richard Deming, but had not up to Monday night made any new discoveries. That there are two other men in the plot be-side Sullivan and Majors there is no doubt. The note found in Deming's possession has not been translated as it is composed of a cipher made up of five different codes. The letter is about 290 words in length and it will be some time before it can be translated. It is believed that when this has been accomplished some startling news may be given out. Both Deming and Sullivan were returned to solitary confinement and were in a better mood Monday.
